

INDEX TO VOLUME 17

- ABDOMEN, acute surgical, coronary thrombosis simulating, *Nov.*, 719
scaphoid, in cerebrospinal meningitis, *July*, 115
- Abdominal angina of Ortner, *July*, 238
- aorta, nonsyphilitic aneurysm of, *Nov.*, 869
- disease, coronary disease and, differentiation, *July*, 235
symptoms simulating coronary artery disease, *July*, 237
symptoms, and coronary artery disease, *July*, 233
- Abscess between spleen and diaphragm following perforation of peptic ulcer, *March*, 1298
between superior surface of liver and right dome of diaphragm following perforation of peptic ulcer, *March*, 1293
in gastrohepatic region below liver following perforation of peptic ulcer, *March*, 1296
in lesser sac of peritoneum following perforation of peptic ulcer, *March*, 1297
in retroperitoneal region behind duodenum following perforation of peptic ulcer, *March*, 1298
of lung, upper respiratory infection and, *March*, 1373
perigastric or periduodenal, following perforation of peptic ulcer, *March*, 1305
subdiaphragmatic, in infants and children, *Sept.*, 399
subphrenic, following subacute perforation of peptic ulcer, *March*, 1292
- Acetylchlorine hydrochloride in peripheral vascular disease, *March*, 1433
- Acid, benzoic, effect on uric acid excretion, *March*, 1327, 1331
lactic, effect on uric acid excretion, *March*, 1327, 1329
phenylacetic, effect on uric acid excretion, *March*, 1331
uric, in clinical medicine, new concept of significance of, *March*, 1325
- Acneform tuberculides, *Sept.*, 496
- Acnitis, *Sept.*, 497
- Acrocyanosis, differential diagnosis, *March*, 1421, 1424
- Acromegaly, diabetes mellitus complicating, *March*, 1339
fugitive, *March*, 1345
- Adams-Stokes' syndrome with complete heart block, *May*, 1625
- Addis' classification of Bright's disease, *Jan.*, 1089, 1090
concentration test in nephritis, *March*, 1184
- Addison's disease, dehydration and salt depletion in, *March*, 1383
salt in treatment of, significance, *March*, 1317
suprarenal cortex extract in, *Sept.*, 535
- Adenoma of thyroid gland, Hodgkin's disease simulating, *July*, 297
- Adhesions causing chronic symptoms following perforation of peptic ulcer, *March*, 1306
- Adiposis dolorosa, *Nov.*, 661
- Adiposogenital dystrophy, *Nov.*, 654
treatment, *Nov.*, 656
- Adolescent goiter, basal metabolism in, *March*, 1162
- Adrenal glands in carbohydrate metabolism, *July*, 80
insufficiency, dehydration and salt depletion in, *March*, 1383
salt in treatment of, significance, *March*, 1317
spontaneous hypoglycemia with, *July*, 86
- Adrenalin in complete heart block, *May*, 1628
use of, in predicting the underlying cardiac mechanism responsible for syncopal seizures in auriculoventricular dissociation, *July*, 219
- Adson's technic of lumbar sympathetic ganglionectomy, *March*, 1446
- Agranulocytic angina, *May*, 1645
- Agranulocytosis, *Sept.*, 341
- Air passages, upper, infections of, *March*, 1367
effect of fresh open air on, *March*, 1376
of improper indoor conditions, *March*, 1376

- Air passages, upper, infections of, effect of inhalation of vapors, gases, smoke, *March*, 1375
relation to certain chest conditions, *March*, 1367
- Albuminuria, clinical significance, *Jan.*, 1083
orthostatic, *Jan.*, 1082
- Alcoholic gastritis, anemia due to, *Nov.*, 603
- Leukemic reticulosis, *Nov.*, 737, 775
diagnosis by sternal biopsy, *Nov.*, 775
- Leukia haemorrhagica, *Sept.*, 380
- Alkalosis accompanying pyloric obstruction in newborn, tetany due to, *March*, 1241, 1244
experimental, uric acid excretion in, *March*, 1330
- Allergic manifestations of common cold, *July*, 193
purpura, *July*, 100; *Nov.*, 611
- Ammonium nitrate as diuretic in cardiac insufficiency, *July*, 248
- Amputation in peripheral vascular disease, *March*, 1443
- Anatomical tubercle, *Sept.*, 490
- Androtin in hypogonadism, *Jan.*, 971
- Anemia, aplastic, *Sept.* 377; *March*, 1352
blood picture, *Sept.*, 380
in sepsis lenta, *Sept.*, 345
clinical history, *Sept.*, 381
due to aplastic bone marrow, *March*, 1352
to Hodgkin's disease of bone marrow, *March*, 1356
etiology, *Sept.*, 381
synonyms, *Sept.*, 380
thrombocytopenic purpura and, differentiation, *May*, 1684
treatment, *Sept.*, 383
with bone marrow hyperplasia, *March*, 1354, 1356
corpuscular constants (blood indices) in, clinical and therapeutic value, *Nov.*, 837
due to acute hemorrhage, *Jan.*, 892
to alcoholic gastritis, *Nov.*, 603
to deficiency in specific substances necessary for normal blood formation, *Jan.*, 893
to depression of bone marrow function, *Jan.*, 893
to excessive hemolysis, *Jan.*, 892
dysphagia with, *Jan.*, 1051
idiopathic, *Nov.*, 603
in asthenic patients, treatment, *Jan.*, 1041
in Bright's disease, *March*, 1211
blood transfusion in, *March*, 1216
- Anemia in Bright's disease, causes, *March*, 1214
objects of treatment, *March*, 1215
symptoms, *March*, 1214
treatment, *March*, 1215
in differential diagnosis of diverticulitis and carcinoma of rectosigmoid, *May*, 1673
laboratory studies necessary in, *Jan.*, 890
microcytic hypochromic, with pregnancy, *May*, 1516, 1518
of gastro-intestinal origin, *Sept.*, 431
of pregnancy, *Nov.*, 693
pernicious type, *Nov.*, 700
blood transfusion in, *Nov.*, 702
etiology and diagnosis, *Nov.*, 701
liver therapy, *Nov.*, 702
treatment, *Nov.*, 701
severe, *Nov.*, 698
etiology, *Nov.*, 698
iron in, *Nov.*, 699
treatment, *Nov.*, 699
simple, *Nov.*, 693
diet in, *Nov.*, 696
etiology, *Nov.*, 693
sunlight and ultraviolet rays in, *Nov.*, 698
of sprue, *July*, 169
pernicious, *Nov.*, 604; *March*, 1359
mental symptoms, *July*, 185
response to liver therapy, *July*, 185
production of, clinical factors, *Jan.*, 887, 891
differentiation of factors in, *Jan.*, 892
refractory, modern therapy of, *March*, 1351
of known classification, *March*, 1359, 1361
secondary to focus of infection, *March*, 1358
treatment, *Jan.*, 892
types, *Nov.*, 603
typical blood findings in various types, *Jan.*, 896
Witts' classification, *Nov.*, 838
- Aneurysm, embolic, *Nov.*, 767
mycotic, *Nov.*, 767, 875
of lower thoracic and abdominal aorta, nonsyphilitic, *Nov.*, 869
- Angina, abdominal, of Ortner, *July*, 238
agranulocytic, *May*, 1645
pectoris, *March*, 1408
cholelithiasis and, relationship, *Nov.*, 823
in hyperthyroidism, *Jan.*, 932
pain in, causes, *March*, 1409

- Anginal syndrome, extracardiac conditions simulating, *July*, 67
- Angiospastic diathesis, *March*, 1407
- angina pectoris and, *March*, 1408
- Barcroft's disease and, *March*, 1410
- general constitutional type, *March*, 1412
- treatment, *March*, 1414
- Anoxemia, uricidemia in, *March*, 1329
- Anterior chamber of eye, paracentesis of, *March*, 1264
- Antivirus, Besredka's, in bronchitis and bronchiectasis, intrabronchially, *Nov.*, 631, 636
- Anxiety neuroses and neurocirculatory asthenia simulating hyperthyroidism, diagnosis by quantitative feeding of patient, *May*, 1587
- Aorta, coarctation of, *Nov.*, 858
- lower thoracic and abdominal, non-syphilitic aneurysm of, *Nov.*, 869
- Aortic regurgitation with paroxysms of dyspnea and anginal pain, oxygen in, *May*, 1661
- Aplastic anemia, *Sept.*, 377; *March*, 1352; *May*, 1684. See also *Anemia, aplastic*.
- bone marrow, *March*, 1352
- Apoplexy, serous, following administration of neosalvarsan, *Jan.*, 1005
- Appendicitis, acute, perforated peptic ulcer and, differentiation, *March*, 1282
- chronic, precordial pain in, *July*, 238
- gallbladder disease and, differentiation, *Jan.*, 1068
- Aqueous humor and blood, sugar content of, relationship, *March*, 1261
- effect of insulin injection on sugar of, *March*, 1268
- Arrhythmias, cardiac, in hyperthyroidism, *Jan.*, 924
- Arsphenamine, hemorrhagic encephalitis following administration of, *Jan.*, 1005
- Arterial pulsation in diagnosis of peripheral vascular disease, *March*, 1426
- Arteries, inflammatory diseases, *Nov.*, 759
- spasm of, *March*, 1407
- tonus of, *March*, 1407
- visualization in diagnosis of peripheral vascular disease, *March*, 1427
- Arteriography as aid in diagnosis of diseases of peripheral vascular system, *March*, 1449
- Arteriosclerosis, *Nov.*, 769
- arteriography in, *March*, 1449
- convulsive cerebral crises in, *March*, 1469
- differential diagnosis, *March*, 1421, 1424
- Arteriosclerosis, medical treatment, *March*, 1429
- of coronary artery simulating anginal syndrome, *July*, 70
- Arteriosclerotic Bright's disease, *Jan.*, 1096
- Arteriovenous oxygen difference, *July*, 283
- Arteritis, acute, *Nov.*, 760
- chronic, *Nov.*, 767
- diabetic, *Nov.*, 770
- general considerations, *Nov.*, 770
- subacute, *Nov.*, 763
- Arthritis as sequel to bronchial asthma, *July*, 199
- chronic atrophic, *Jan.*, 901
- case history, *Jan.*, 903
- etiology, *Jan.*, 902
- gastro-intestinal tract in, *Jan.*, 917
- important points in study of, *Jan.*, 909
- prognosis, *Jan.*, 915
- results of clinical and laboratory study, *Jan.*, 911
- treatment, *Jan.*, 912
- results, *Jan.*, 914
- rheumatoid, *Jan.*, 901
- gastro-intestinal tract in, *Jan.*, 917
- of spine, *May*, 1563
- Asthenia, digestive disturbances in, care of bowels, *Jan.*, 1037
- classification, *Jan.*, 1030
- colonic irrigations in, *Jan.*, 1043
- diagnosis, *Jan.*, 1034
- diet in, *Jan.*, 1036
- exercise and physical therapy in, *Jan.*, 1043
- laboratory findings, *Jan.*, 1033
- medication, *Jan.*, 1040
- operations, *Jan.*, 1044
- physical findings, *Jan.*, 1032
- psychotherapy, *Jan.*, 1034
- rest in, *Jan.*, 1035
- symptoms, *Jan.*, 1031
- treatment, *Jan.*, 1029, 1034
- neurocirculatory, and anxiety neurosis simulating hyperthyroidism, diagnosis by quantitative feeding of patient, *May*, 1578
- Asthenic constitution, diaphragm in, *Sept.*, 406
- spontaneous hypoglycemia as premenstrual symptom in, *July*, 87
- Asthma, bronchial, arthritis in relation to, *July*, 199
- due to chronic focal respiratory infections following common cold, *July*, 198

- Asthma, bronchial, upper respiratory infections and, *March*, 1371
 dyspepticorum, *July*, 236
 Asthmatic bronchitis, *March*, 1371
 Atophan. See *Cinchophen*.
 Atrophy of muscles in diagnosis of peripheral vascular disease, *March*, 1426
 Auricular fibrillation, digitalis in, ambulatory treatment, *July*, 242
 in hyperthyroidism, *Jan.*, 925
 flutter, hyperthyroidism simulating, *Nov.*, 751
 Auriculoventricular dissociation, established and chronic, slowing of ventricular rate during, Stokes-Adams attacks due to, *July*, 218
 heart block, *May*, 1624
 node, in paired impulse formation in, Stokes-Adams attacks due to, *July*, 216
 Avertin in delirium in pneumonia, *July*, 103, 106
 BACILLUS coli infection of urinary tract, ketogenic diet in, *Sept.*, 501
 Pfeiffer's, and influenza, *Sept.*, 426
 Bacteriophage, intrabronchial injections, in chronic bronchitis and bronchiectasis, *Nov.*, 632
 Barcroft's disease, *March*, 1410
 Bargen's serum in ulcerative colitis, *Sept.*, 533
 Basal metabolism, *March*, 1160
 in children, *March*, 1223, 1224
 pulmonary tuberculosis, *Nov.*, 727
 Basedow's disease, *Nov.*, 751, 753
 Baths, contrast, in peripheral vascular disease, *March*, 1431
 Belching in coronary artery disease, *July*, 236
 Bence-Jones proteinuria, *Jan.*, 1085
 Benzoic acid, effect on uric acid excretion, *March*, 1327, 1331
 Besredka's antiviral intrabronchially in bronchitis and bronchiectasis, *Nov.*, 631, 636
 Biliary colic, perforated peptic ulcer and, differentiation, *March*, 1286
 Biopsy, sternal, in diagnosis of aleukemic reticulosis, *Nov.*, 775
 Bladder, adhesions to, following perforation of peptic ulcer, *March*, 1311
 symptoms in cerebrospinal meningitis, *July*, 117
 Bleeding from rectum in differential diagnosis of diverticulitis and carcinoma of rectosigmoid, *May*, 1673
 Bloating in hypertrophic gastritis, *July*, 25
 Blood changes in Hodgkin's disease, *Nov.*, 819
 creatinine test in nephritis, values compared with urea clearance, *March*, 1186, 1187
 dyscrasias, *Sept.*, 325
 hemoglobin content, in nephritis, values compared with urea clearance, *March*, 1188, 1189
 in hemophilia, *Sept.*, 366
 indices in anemia, clinical and therapeutic value, *Nov.*, 837
 plasma, CO₂ combining power, in diabetes mellitus, relation of acute hyperglycemia to, *July*, 317
 pressure, high. See *Hypertension*.
 in coronary thrombosis and acute abdomen, *Nov.*, 721
 regeneration and anemia, *Jan.*, 887
 sugar, and sugar of aqueous humor, relationship, *March*, 1261
 transfusion in anemia of Bright's disease, *March*, 1216
 in pernicious anemia of pregnancy, *Nov.*, 702
 in severe burns, *March*, 1399
 in shock, *March*, 1390
 urea test in nephritis, values compared with urea clearance, *March*, 1186, 1187
 uric acid, in clinical conditions, *March*, 1328
 vessels, peripheral, symposium on diseases of, *March*, 1417
 volume determinations, *July*, 284
 in thyrotoxicosis, diagnostic value, *July*, 280, 281
 Bone lesions, case diagnosed as myelomata, *May*, 1537
 marrow, aplastic, *March*, 1352
 depression of, secondary to focus of infection, *March*, 1358
 Hodgkin's disease of, *March*, 1356
 hyperplastic, *March*, 1354
 Brain tumor, epilepsy tarda and, differentiation, *May*, 1480
 hypertensive encephalopathy simulating, *Nov.*, 827
 poliomyelitis and, differentiation, *Sept.*, 461
 Bright's disease. See also *Nephritis*.
 Addis' classification, *Jan.*, 1089, 1090
 anemia in, *March*, 1211
 blood transfusion in, *March*, 1216
 causes, *March*, 1214
 objects of treatment, *March*, 1215
 symptoms, *March*, 1214
 treatment, *March*, 1215
 arteriosclerotic, *Jan.*, 1096

- Bright's disease, chronic, degenerative stage, diet in, *March*, 1196
 diet in, *March*, 1195
 hemorrhagic stage, diet in, *March*, 1198
 hypertensive and arteriosclerotic types, diet in, *March*, 1201
 with oliguria, diet in, *March*, 1200
 clinical types, *Jan.*, 1089
 creatinine clearance in, *March*, 1191, 1192
 degenerative, *Jan.*, 1093
 functional tests of kidney in, *March*, 1179
 evaluation of, *March*, 1190
 hemorrhagic, *Jan.*, 1090
 proteinuria in, *Jan.*, 1084
 specific gravity concentration test in, *March*, 1184, 1191
 urea clearance in, *March*, 1181, 1190
 comparison of values with blood urea and blood creatinine contents, *March*, 1186, 1187
 with hemoglobin content of blood, *March*, 1188, 1189
 with phenolsulphonephthalein test, *March*, 1188, 1189
- Bronchial asthma, arthritis in relation to, *July*, 199
 due to chronic focal respiratory infections following common cold, *July*, 198
 upper respiratory infections and, *March*, 1371
 disinfection and immunization, *Nov.*, 617
 biological therapy applied to, *Nov.*, 629
 by bronchial lavage and bronchoclysis, *Nov.*, 620
 agents employed, *Nov.*, 628, 629
 lavage for disinfection of bronchi, *Nov.*, 620
 agents employed, *Nov.*, 628
- Bronchiectasis, early, biological therapy, *Nov.*, 629
 bronchial disinfection and immunization in, *Nov.*, 618
 intrabronchial injections of anti-virus, *Nov.*, 631, 636
 of bacteriophage, *Nov.*, 632
 of vaccines, *Nov.*, 632, 635
 upper respiratory infections and, *March*, 1372
- Bronchogenic carcinoma of lung, cryptic, *May*, 1527
- Bronchitis, acute, upper respiratory infections and, *March*, 1369
 asthmatic, *March*, 1371
 chronic and recurrent, upper respiratory infections and, *March*, 1371
 biological therapy, *Nov.*, 629
 bronchial disinfection and immunization in, *Nov.*, 618
 intrabronchial injections of anti-virus, *Nov.*, 631, 636
 of bacteriophage, *Nov.*, 632
 of vaccines, *Nov.*, 632, 635
- Bronchoclysis for disinfection of bronchi, *Nov.*, 620
 agents employed, *Nov.*, 628, 629
- Bronchopneumonia, acute, upper respiratory infections and, *March*, 1369
 subacute, upper respiratory infections and, *March*, 1370
- Bronchus, infections of, relation of upper respiratory infections to, *March*, 1368
- Brudzinski's sign in cerebrospinal meningitis, *July*, 119
- Bruit de moulin, *Nov.*, 681
- Buerger's disease. See *Thrombo-angiitis obliterans*.
- Burns, severe, blood transfusion in, *March*, 1399
 complications, *March*, 1403
 gentian violet in, *March*, 1396
 infection of, prevention and treatment, *March*, 1400
 pathology, *March*, 1394
 prevention of contractures, *March*, 1404
 salt and fluid administration in, *March*, 1399
 shock in, *March*, 1383
 skin-grafting after, *March*, 1400
 tannic acid treatment, *March*, 1395
 toxemia in, *March*, 1396
 treatment, *March*, 1393
 emergency, *March*, 1395
- CAFFEINE sodium benzoate in coronary thrombosis, *Sept.*, 554
- Calcium in asthenia, *Jan.*, 1042
- Capillaries, visualization of, in diagnosis of peripheral vascular disease, *March*, 1427
- Capillary studies in peripheral vascular disease, *March*, 1459
 blood flow, *March*, 1463
 permeability and fragility, *March*, 1464
 photography, *March*, 1460
 pressure, *March*, 1463
- Carbohydrate fermentation in problem of infantile diarrhea, *May*, 1609, 1610

- Carbohydrate metabolism, adrenals in, *July*, 80
 cataract and, *March*, 1261
 liver and, *July*, 80
 pancreas and, *July*, 79
 pituitary and, *July*, 82
 thyroid and, *July*, 81
- Carbon dioxide combining power of blood in diabetes mellitus, relation of acute hyperglycemia to, *July*, 317
 in postoperative management of gallbladder disease, *May*, 1593, 1604
- Carcinoma of esophagus, *Jan.*, 1047
 of kidney, diagnosis, roentgenographic studies in, *Jan.*, 1101
 pyelogram in, *Jan.*, 1109
 of lung, bronchiogenic, cryptic, *May*, 1527
 of rectosigmoid, diverticulitis and, differentiation, *May*, 1665
 anemia in, *May*, 1673
 bleeding from rectum in, *May*, 1670
 proctoscopic findings, *May*, 1671
 roentgen-ray findings, *May*, 1673
 stools in, size and shape, *May*, 1670
 symptoms, *May*, 1669
 vesicocolic fistula in, *May*, 1671
 weight loss in, *May*, 1670
 of stomach, esophageal symptoms, *Jan.*, 1054
- Cardiac. See also *Heart*.
 arrhythmias in hyperthyroidism, *Jan.*, 924
 index, *July*, 283
 insufficiency, intensive ambulatory treatment, *July*, 241
 digitalis, *July*, 242
 diuretics, *July*, 244, 245
 mechanism underlying syncopal seizures, *July*, 213
 output determinations in thyrotoxicosis, diagnostic value, *July*, 281
 terminology, *July*, 282
- Carditis, rheumatic, with paralytic ileus in Henoch-Schönlein purpura, *July*, 91
- Cataract, carbohydrate metabolism and, *March*, 1261
 senile, carbohydrate tolerance of patients with, *March*, 1275
 in relation to diabetes, *March*, 1261
- Catheter, nasal, for oxygen administration in coronary thrombosis, *Sept.*, 550
- Cell, Reed-Sternberg, *Nov.*, 747
- Cerebral obesity, *Nov.*, 659
- Cerebrospinal meningitis, epidemic, *July*, 109. See also *Meningitis, cerebrospinal, epidemic*.
- Chest, diseases of, relation of upper air passage to, *March*, 1368
 funnel, *Sept.*, 396
 infundibular, *Sept.*, 396
- Children, abnormal nutritional states in, *March*, 1219
- Chloroform ingestion, poisoning from, *Nov.*, 587
 pathogenesis, *Nov.*, 593
 pathologic changes, *Nov.*, 592
 prognosis, *Nov.*, 598
 symptoms, *Nov.*, 591
 treatment, *Nov.*, 599
 with fatal outcome, *Nov.*, 587
 uricemia in, *March*, 1329
- Cholecystitis, acute suppurative, preoperative and postoperative management, *May*, 1596
 complicating diabetes, effects of surgery on sugar tolerance, *May*, 1507, 1518
 differential diagnosis, *Jan.*, 1059
- Cholecystography in jaundice, *Sept.*, 467
- Cholelithiasis, angina pectoris and, relationship, *Nov.*, 823
 differential diagnosis, *Jan.*, 1059
- Cholera, dehydration and salt depletion in, *March*, 1379
- Ciliary muscle in visual problems, *Jan.*, 1019
- Cinchophen, *Sept.*, 480
 history of use, *Sept.*, 480
 medication, tolerance of patient to, what determines, *May*, 1704
 poisoning, *Sept.*, 473, 482
 incidence in acute yellow atrophy, *May*, 1704
 results of liver function tests, *May*, 1703
 symptoms, *May*, 1702
 toxic necrosis of liver due to, *May*, 1691
- Circulatory minute volume, *July*, 282
 time determinations, *July*, 284
- Coarctation of aorta, *Nov.*, 858
- Cold, common, allergic manifestations, *July*, 193
 arthritis and, *July*, 199
 treatment, *July*, 203
 bronchial asthma due to, *July*, 198
 arthritis and, *July*, 199
 chest conditions associated with, *March*, 1368
 chronic winter cough following, *July*, 197, 198

- Colic, biliary, perforated peptic ulcer and, differentiation, *March*, 1286
renal, perforated peptic ulcer and, differentiation, *March*, 1287
- Colitis, chronic ulcerative, *Jan.*, 1071
vaccine therapy, *Jan.*, 1081
ulcerative, *Sept.*, 525
etiology, *Sept.*, 532
treatment, *Sept.*, 533
- Colon, adhesions to, from perforated peptic ulcer, *March*, 1314
bacillus infection of urinary tract, ketogenic diet in, *Sept.*, 501
lesions of, gallbladder disease and, differentiation, *Jan.*, 1068
rectosigmoid, carcinoma of, diverticulitis and, differentiation, *May*, 1665
- Colonic irrigations in asthenia, *Jan.*, 1043
- Color changes in diagnosis of peripheral vascular disease, *March*, 1425
- Comb assay for testicular hormone, *Jan.*, 971
- Common cold, allergic manifestations, *July*, 193
duct, adhesions to, following perforation of peptic ulcer, *March*, 1310
Concentration test, specific gravity, in Bright's disease, *March*, 1184, 1191
- Congenital heart block, *Nov.*, 859, 863
heart disease, *Nov.*, 853
- Congestive myocardial failure in hyperthyroidism, *Jan.*, 924
- Conjunctiva, essential shrinkage, with involvement of mucous membrane of nose, throat, and larynx and stenosis of esophagus, *Nov.*, 795
- Constipation in asthenia, treatment, *Jan.*, 1037
- Constitutional type in diagnosis of peripheral vascular disease, *March*, 1422
- Contralateral reflex in cerebrospinal meningitis, *July*, 119
- Contrast baths in peripheral vascular disease, *March*, 1431
- Convulsions and vomiting in newborn infant, with special reference to tetany, *March*, 1241
in cerebrospinal meningitis, *July*, 115
in early poliomyelitis, *Sept.*, 449
- Convulsive cerebral crises in high blood pressure and arteriosclerosis, *May*, 1469
- Coronary artery, arteriosclerosis of, simulating anginal syndrome, *July*, 70
disease of, abdominal disease and, differentiation, *July*, 235
simulating, *July*, 237
abdominal symptoms, *July*, 233
- Coronary artery, disease of, "acute indigestion" in, *July*, 234
belching in, *July*, 236
epigastric pressure and pain in, *July*, 235
hiccough in, *July*, 237
premonitory stage, *July*, 233
sequelae, *July*, 235
- Occlusion, acute, oxygen in, *May*, 1657
in a case with acute pulmonary edema, *May*, 1657
with dyspnea and circulatory failure but little pain, *May*, 1659
- Thrombosis, caffeine sodium benzoate in, *Sept.*, 554
clinical signs and symptoms, *Sept.*, 546
digitalis in, *Sept.*, 557
glucose intravenously in, *Sept.*, 554
morphine in, *Sept.*, 549
Novurit in, *Sept.*, 553
oxygen administration, nasal catheter method, *Sept.*, 550
perforated peptic ulcer and, differentiation, *March*, 1290
quinidine in, *Sept.*, 556

CONTENTS OF VOLUME 17

July, 1933

NEW YORK NUMBER

	PAGE
Hypertrophic Gastritis	1
By DR. LEWIS GREGORY COLE	
Spontaneous Hypoglycemia Occurring in the Course of Essential Hypertension	41
By DRS. HERMAN O. MOSENTHAL, BENJAMIN I. ASHE, CHARLES A. POINDEXTER, and R. MACBRAVER	
Extracardiac Conditions Simulating the Anginal Syndrome	67
By DR. HAROLD E. B. PARDEE	
Spontaneous Hypoglycemias in Endocrinopathies	79
By DR. A. S. BLUMGARTEN	
Henoch-Schönlein Purpura with Paralytic Ileus and Rheumatic Carditis	91
By DRS. MILLS STURTEVANT and IRVING GRAEF	
Delirium in Pneumonia: Its Treatment with Ethobrome (Avertin)	103
By DR. JESSE G. M. BULLOWA	
Epidemic Cerebrospinal Meningitis in Children: A Critical Review of Forty-four Cases	109
By DR. ADOLPH G. DE SANCTIS	
Skin Tumors: With Special Reference to Precancerous Dermatoses and the Group of Mycosis and Related Conditions	129
By DR. WALTER J. HIGHMAN	
Polyserositis (Pick's Syndrome) Associated with Rheumatic Valvular Disease Without Pericarditis	147
By DRS. CLARENCE E. DE LA CHAPELLE and IRVING GRAEF	
Nontropical Sprue	165
By DR. THOMAS T. MACKIE	
The Mental Symptoms of Pernicious Anemia and Their Response to Liver Therapy	185
By DRS. CHARLES F. TENNEY and ELI GOLDSTEIN	
Allergic Manifestations of the Common Cold	193
By DR. JOSEPH HARKAVY	
Pertussis and its Treatment with Gold Tribromide	207
By DR. J. EPSTEIN	
The Stokes-Adams Syndrome. Some Clinical and Graphic Observations on the Cardiac Mechanism Underlying Syncopal Seizures	213
By DRS. SIDNEY P. SCHWARTZ and ABRAHAM JEZER	
Abdominal Symptoms and Coronary Artery Disease	233
By DR. ASHER WINKELSTEIN	
Intensive Ambulatory Treatment of Patients Suffering from Advanced Cardiac Insufficiency	241
By DR. MEYER FRIEDENSON	
Hypertension: Three Problems in Diagnosis	259
By DRS. ARTHUR WEISS, ALEXANDER GROSSMAN, and MARCUS A. FEINSTEIN	
Diagnostic Importance of Blood Volume and Cardiac Output Studies in a Borderline Case of Thyrotoxicosis	279
By DR. A. ALLEN GOLDBLOOM	

	PAGE
Hodgkin's Disease Simulating Adenoma of the Thyroid Gland	297
By DR. LILLIAN WARNSHUIS	
The Dietary Treatment of Undernutrition	305
By DRs. ELAINE P. RALLI and MARSHALL S. BROWN, JR.	
The Relation of Acute Hyperglycemia to the CO₂ Combining Power of the Blood Plasma in Patients with Diabetes Mellitus	317
By DRs. ALICE M. WATERHOUSE and ELAINE P. RALLI	

September, 1933

CHICAGO NUMBER

	PAGE
SYMPOSIUM ON BLOOD DYSCRASIAS	325
The Leukemic States: Their Treatment with x-Ray	327
By DRs. ARTHUR R. ELLIOTT and EDWARD L. JENKINSON	
Agranulocytosis; Sepsis Lenta with Aplastic Anemic Blood Picture; Acute Stem Cell Leukemia	341
By DRs. FREDERICK TICE and RICHARD H. JAFFÉ	
Hemophilia	351
By DR. CARROLL L. BIRCH	
Polycythemia: Consideration of the Types, Symptoms and Findings in Polycythemia Rubra (Vera); Presentation of Patients	369
By DR. LE ROY HENDRICK SLOAN	
Aplastic Anemia	377
By DR. EVANS W. PERNOKIS	
Disorders of the Diaphragm in Infancy and Childhood	385
By DR. ISAAC A. ABI	
Influenza	415
By DR. JAMES G. CARR	
Anemias of Gastro-Intestinal Origin	431
By DR. SIDNEY A. PORTIS	
The Diagnosis of Early Poliomyelitis	439
By DR. LEWIS J. POLLOCK	
Cholecystography in Jaundice	467
By DR. EDMUND F. FOLEY	
Cinchophen Poisoning	473
By DRs. HOWARD B. CARROLL and CHARLES A. ELLIOTT	
Tuberculosis of the Skin	487
By DR. EDWARD A. OLIVER	
Dietetic Treatment of Chronic Urinary Infections	501
By DR. CLIFFORD J. BARBORKA	
Repeated Attacks of Acute Pulmonary Edema Complicating Hypertensive Heart Disease: A Five-year Study of Two Patients	507
By DR. VANCE RAWSON	
Ulcerative Colitis	525
By DR. THEODORE E. HEINZ	
A Case of Addison's Disease Treated with an Extract of the Suprarenal Cortex ..	535
By DR. ALLAN T. KENYON	
Treatment of Coronary Thrombosis	545
By DR. N. C. GILBERT	

November, 1933

PHILADELPHIA NUMBER

	PAGE
Epidemic Encephalitis Lethargica. With Report of the St. Louis Epidemic of 1933	559
By DR. C. DUDLEY SAUL	
The Diagnosis of Hemolytic Ictero-Anemia in an Aplastic Phase	571
By DRS. O. H. PERRY PEPPER and HENRY M. WISE	
Melanoma of the Faucial Tonsils, Metastatic; Case Report	581
By DR. FIELDING O. LEWIS	
Fatal Poisoning Following the Ingestion of Chloroform	587
By DRS. GEORGE MORRIS PIERSON, HENRY J. TUMEN, and LING SEONG KAU	
Anemia Due to Gastritis Occasioned by Alcoholism; Consideration of Cases of Purpura, Including an Example of Purpura Apparently Secondary to Pernicious Anemia	603
By DR. ROBERT G. TORREY	
Bronchial Disinfection and Immunization	617
By DR. JOHN A. KOLMER	
Heart Disease Prevention Versus Heart Salvage	639
By DR. EDWARD L. BAUER	
Five Types of Hypopituitary Endocrinopathies	647
By DR. SAMUEL A. LOEWENBERG	
Periarteritis Nodosa	665
By DRS. THOMAS KLEIN and ROBERT H. OWEN	
Multiple Sclerosis	671
By DR. M. A. BURNS	
Pneumohemopericardium; Rheumatic and Luetic Heart Disease	679
By DRS. JOSEPH C. DOANE and MAURICE S. JACOBS	
The Anemia of Pregnancy and Its Treatment	693
By DRS. HAROLD W. JONES and LEANDRO M. TOCANTINS	
Personality Study and the Practice of Medicine	705
By DR. EDWARD WEISS	
Coronary Thrombosis Simulating an Acute Surgical Abdomen. Report of Two Cases	719
By DR. HENRY K. MOHLER	
Basal Pulmonary Tuberculosis	727
By DRS. BURGESS GORDON and ROBERT CHARR	
Aleukemic Reticulosis	737
By DRS. TRUMAN G. SCHNABEL and R. P. CUSTER	
Hyperthyroidism Masked as (a) Malignant Hypertension, (b) Auricular Flutter, as Illustrated by Two Cases	751
By DR. MICHAEL G. WOHL	
Inflammatory Diseases of the Arteries with Particular Reference to the More Acute Forms	759
By DR. DAVID W. KRAMER	
Aleukemic Reticulosis: Report of a Case Diagnosed by Sternal Biopsy	775
By DRS. RUSSELL S. BOLES, R. P. CUSTER, and SIMON PROPP	
Quinine in the Pneumonias of Infancy and Childhood	787
By DR. MYER SOLIS-COHEN	
Essential Shrinkage of the Conjunctiva (Ocular Pemphigus) with Involvement of the Mucous Membranes of the Nose, Throat, and Larynx and Stenosis of the Esophagus. (Detailed Treatment of a Chronic Disease of Unknown Etiology)	795
By DR. FRIEDA BAUMANN	

	PAGE
A Discussion of the Lymphoblastomas.....	805
By DR. EDWARD STEINFELD	
The Relationship of Cholelithiasis to Angina Pectoris.....	823
By DR. JOSEPH G. WEINER	
Hypertensive Encephalopathy Simulating Brain Tumor.....	827
By DR. REYNOLD S. GRIFFITH	
The Clinical and Therapeutic Value of Corpuscular Constants (Blood Indices) in the Anemias.....	837
By DR. J. H. CLARK	
Diabetes Mellitus. Report of Cases at Philadelphia General Hospital During 1932	845
By DRs. EDWARD S. DILLON and REUBEN DAVIS	
Congenital Heart Disease Including Report of a Case of Congenital Heart Block with Autopsy Findings.....	853
By DR. WILLIAM G. LEAMAN	
Nonsyphilitic Aneurysm of the Lower Thoracic and Abdominal Aorta.....	869
By DR. FRANK E. LEIVY	
Mercury Poisoning from Novasurol in Hypertensive Heart Disease.....	879
By DR. FERDINAND FETTER	

January, 1934

CLEVELAND CLINIC NUMBER

	PAGE
Clinical Factors in the Production of Anemia and the Regeneration of Erythro- cytes and Hemoglobin.....	887
The Study and Treatment of Chronic (Rheumatoid) Arthritis. One Illustrative Case.....	901
By DR. RUSSELL L. HADEN	
The Gastro-intestinal Tract in Chronic Atrophic (Rheumatoid) Arthritis.....	917
By DR. CHARLES HARTSOCK	
The Heart in Hyperthyroidism.....	923
By DR. A. CARLTON ERNSTENE	
The Differential Diagnosis Between Hyperthyroidism and Postencephalitic Syndromes.....	939
By DR. JOHN TUCKER	
Remarks on the Management of Parathyroid Tetany.....	951
Hypogonadism in the Adult Male Following Bilateral Herniorrhaphy.....	969
By DR. E. PERRY McCULLAGH	
Hyperinsulinism.....	979
Diabetes in Children and in Adults Past the Age of Fifty Years.....	987
By DR. HENRY J. JOHN	
Hemorrhagic Encephalitis (Serous Apoplexy) Following the Administration of Neosalvarsan. Report of Two Cases with Recovery.....	1005
By DR. E. W. NETHERTON	
The Ocular Muscles. A Medical Problem?.....	1017
By DR. A. D. RUEDEMANN	
The Treatment of Digestive Disturbances in Asthenic Patients.....	1029
By DR. C. L. HARTSOCK	
Lesions of the Esophagus.....	1045
By DR. E. N. COLLINS	
Differential Diagnosis in Gallbladder Disease.....	1059
By DR. BERNARD H. NICHOLS	

CONTENTS OF VOLUME 17

7

Observations on Chronic Ulcerative Colitis.	PAGE 1071
By DR. JOHN TUCKER	
The Clinical Significance of Albuminuria.	1083
Clinical Types of Bright's Disease.	1089
By DR. R. H. McDONALD	
Roentgenographic Studies in the Diagnosis of Renal Tumors.	1101
By DRS. BERNARD H. NICHOLS and E. LEE SHIFLETT	
Tinea Sycosis. With Special Reference to Treatment with Intravenous Injections of Typhoid Vaccine.	1125
By DR. EARL W. NETHERTON	

March, 1934

NEW YORK NUMBER

Three Cardiac Cases.	PAGE 1141
By DR. HARLOW BROOKS	
Metabolism in Hyperthyroidism and Hypothyroidism.	1159
By DR. WALTER WALKER PALMER	
The Treatment of Hyperthyroidism.	1171
By DR. GEORGE M. GOODWIN	
Tests of Renal Function in Bright's Disease.	1179
By DR. DONALD D. VAN SLYKE	
The Diet in Chronic Bright's Disease.	1195
By DR. ALF S. ALVING	
Anemia in Bright's Disease.	1211
By DR. BENJAMIN I. ASHE	
Abnormal Nutritional States in Children.	1219
By DRS. BELA SCHICK and ANNE TOPPER	
Vomiting and Convulsions in the Newborn Infant with Special Reference to Tetany.	1241
By DR. MURRAY H. BASS	
Some Problems Encountered in the Management of Patients with Impaired Hearing.	1253
By DR. WENDELL C. PHILLIPS and ANNETTA W. PECK	
Carbohydrate Metabolism and Cataract. A Study of the Relation of the Sugar of the Human Aqueous Humor and the Blood.	1261
By DR. DANIEL B. KIRBY and RENÉE VON E.-WIENER, Ph. D.	
Perforated Peptic Ulcer.	1279
By DRS. I. W. HELD and A. ALLEN GOLDBLOOM	
The Significance of Salt in the Treatment of Addison's Disease.	1317
By DRS. ROBERT F. LOEB and DANA W. ATCHLEY	
A New Concept of the Significance of Uric Acid in Clinical Medicine.	1325
By DR. ARMAND J. QUICK	
Pituitary Surgery and Mild Diabetes Mellitus (2).	1339
By DRS. LINN J. BOYD and BENJAMIN FINESILVER	
The Modern Therapy of Refractory Anemia.	1351
By DR. C. P. RHODES	
The Relation of the Upper Air Passages to Certain Chest Conditions.	1367
By DR. JAMES ALEXANDER MILLER	
Dehydration and Medical Shock.	1379
By DRS. DANA W. ATCHLEY and ROBERT F. LOEB	

	PAGE
The Treatment of Extensive Burns	1393
By DR. MARGARET STANLEY-BROWN	
Angiospastic Diathesis	1407
By L. LICHTWITZ	
Symposium on Diseases of the Peripheral Vascular System	1417
The Diagnosis of Diseases of the Peripheral Vascular System	1419
By DR. A. WILBUR DURYEE	
The Modern Medical Treatment of Diseases of the Peripheral Vascular System	1429
By DR. IRVING SHERWOOD WRIGHT	
Surgical Treatment of Diseases of the Peripheral Vascular System	1437
By DR. ROBERT S. ACKERLY	
Arteriography as an Aid to Diagnosis in Diseases of the Peripheral Vascular System	1449
By DR. CARL H. GREENE	
The Modern Apparatus and Technic for the Study of Diseases of the Peripheral Vascular System	1457
By DR. DEAN A. MOFFAT	

May, 1934

CHICAGO NUMBER

	PAGE
Epilepsia Tarda—Convulsive Cerebral Crises in High Blood Pressure and Arteriosclerosis	1469
By DR. ARTHUR K. ELLIOTT	
Narcolepsy	1483
Periodic Family Paralysis	1489
Crossed Paralysis	1491
By DR. GEORGE W. HALL	
Uncinate Epilepsy	1495
By DR. LEROY HENDRICK SLOAN	
Toxic Effect of Hair Dye on Eyes and Skin	1503
By DR. FRANK BRAWLEY	
The Effect of Surgical Procedures on the Sugar Tolerance of Diabetic Patients. Presentation of Four Cases	1507
By DES. GEZA DE TAKATS AND G. KARL FEIN	
Microcytic Hypochromic Anemia With Pregnancy	1521
By DR. HAROLD K. GIBSON	
Cryptic Bronchiogenic Carcinoma of the Lung	1527
By DR. EDWIN F. HIRSCH	
Paget's Disease (Osteitis Deformans)	1533
By DR. HAROLD I. MEYER	
An Interesting Study of Bone Lesions Which Proved to be Myelomata	1537
By DES. EDWARD L. JENKINSON AND J. M. FOLEY	
Unilateral Hydro-Ureteronephrosis Without Evidence of Obstruction	1553
By DES. HARRY CULVER AND WILLIAM J. BAKER	
Acute Diffuse Spondylitis	1563
By DR. FRED E. BALL	
Analysis of an Unusual Case of Coupled Ventricular Beats	1569
By DR. THOMAS J. COGGAN	
Quantitative Feeding of Patients as a Diagnostic Procedure in Obscure Cases of Hyperthyroidism	1575
By DR. ROBERT W. KERTON	

CONTENTS OF VOLUME 17
